

COOKIE POLICY

Cookie Policy

9311-1664 Québec Inc. • Last updated: 18 August 2026

At a glance

Parts-IQ keeps cookie use to a minimum. Non-essential analytics, functional, and marketing cookies are only set with your consent.

1. About this policy

This Cookie Policy explains how Parts-IQ (9311-1664 Québec Inc., NEQ 1170429857) uses cookies and similar technologies on www.parts-iq.net (the "Site"). It should be read together with our [Privacy Notice](#), which explains how we handle personal data more generally.

2. What cookies are

Cookies are small text files placed on your device when you visit a website. They let the site function properly, remember your choices, and - where you allow it - help us understand how the Site is used. Similar technologies such as pixels, tags, and local storage work in comparable ways, and this policy covers them too.

Cookies may be set by us ("first-party") or by a third-party service we use ("third-party"). They may last only for your browsing session ("session cookies") or remain on your device for a set period ("persistent cookies").

3. How we use cookies

We keep our use of cookies to a minimum. We group them as follows:

Category	Purpose	Basis
Strictly necessary cookies	Required for the Site to work - for example, maintaining your session, remembering your cookie preferences, protecting against fraud and abuse, and keeping the Site secure. The Site cannot function properly without them, so they are set automatically and do not require your consent.	Automatic
Analytics cookies	Help us understand how visitors find and use the Site, such as which pages are viewed and how long visits last, so we can improve it.	Consent required
Functional cookies	Remember choices you make, such as language or region, to improve your experience. Where they are not strictly necessary, they are only set with your consent.	Consent required
Marketing cookies	Would be used to measure the effectiveness of our campaigns or show relevant content on other platforms.	Consent required

We do not use cookies to build advertising profiles, and we do not sell or share cookie data with third parties for their own advertising purposes.

The specific cookies in use may change as we update the Site and the tools we rely on. If you would like details of the cookies currently set, including their providers and duration, contact us at info@parts-iq.net and we will provide them. You can also view them at any time through your browser's developer tools or privacy settings.

4. Your choices

Where cookies require consent, we ask for it through a banner when you first visit the Site. You can accept all, reject all, or choose which categories to allow. Rejecting is as easy as accepting, and non-essential cookies are not set unless and until you consent.

You can change or withdraw your choices at any time via our cookie banner or settings. Withdrawing consent does not affect anything done before you withdrew it.

You can also control cookies through your browser, which lets you block or delete cookies and warn you before they are set. Instructions are available in the help section of your browser. Note that blocking strictly necessary cookies may stop parts of the Site from working.

5. Third-party cookies

Where a third-party service sets cookies through our Site, that provider processes the data under its own privacy notice, and we recommend reviewing it. We only enable such services where you have consented, and we require them to handle data appropriately.

Some third-party providers are located outside Canada, which means data may be processed abroad. Our Privacy Notice explains how we protect international transfers.

6. Personal data and your rights

Some cookie data may qualify as personal data, for example your IP address or a device identifier. Where it does, our [Privacy Notice](#) applies, including your rights to access, correct, and delete your data and to complain to a supervisory authority - in Québec, the Commission d'accès à l'information, or federally, the Office of the Privacy Commissioner of Canada.

7. Changes to this policy

We may update this policy to reflect changes in the technologies we use or in applicable law. The "Last updated" date shows the current version.

8. Contact

Questions about our use of cookies: info@parts-iq.net, or Parts-IQ, 7770 17e Avenue, Suite 101, Montréal, Québec H2A 0A4, Canada.
